Campblaze

Tic Tac Truth – where pharmacy myths met laughter and truth were just part of the game. From cleverly crafted truths to outrageous lies, the evening was a playground of wit and laughter.

Sensory Sync- Blindfolded, yet empowered, as we unleashed our senses to catch the elusive 'drug' on the run. A game where teamwork, trust, and heightened senses collided for an epic experience.

Drug Heist – where teams navigated the college maze to uncover hidden flags and claim victory

Pictomania

Pictomania organized by **BCP ISPOR SC 2023-24** was fun and interactive event based on the game of Pictionary creatively designed with a pharmaceutical twist.

Perplexofuddledom

"Perplexofuddledom," an event described as a game where confusion is guaranteed mixed with madness and "jollification". Perplexofuddledom was a delightful fusion of fun and educational activities. This event truly showcased a whirlwind of chaotic puzzles, quirky challenges, and spontaneous responses under extreme time pressure

Aerodrone Workshop

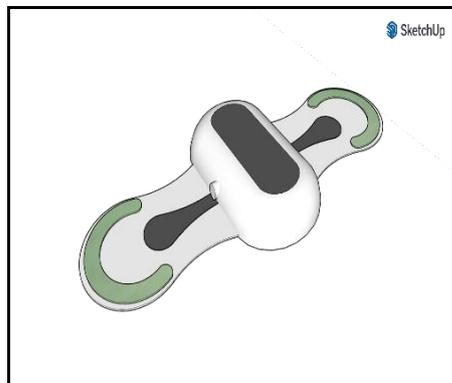

BCP ISPOR Students' Chapter, in collaboration with Space Geeks, successfully organized an exclusive event titled "Aerodrone Workshop: Soar to New Heights with Wings of Innovation". Participants were organized into groups of five to assemble the drones under the expert guidance of Space Geeks. Teams were assigned specific roles, with some members focusing on designing the remote-control mechanisms while others meticulously assembled the drones to ensure optimal functionality. This practical segment provided participants with in-depth knowledge regarding mechanics, circuitry, and aerodynamics.

maNEWfacture

BCP ISPOR SC organized maNEWfacture, an online submission event where participants collaborated with AI to apply their fundamental, scientific and technical knowledge in designing innovative and practical instruments or healthcare devices that would aid the pharmaceutical industry.

The event was perfect way of combining technical knowledge with creativity. Students showcased original design ideas and demonstrated their ability to reinterpret and repurpose existing models imaginatively.

THINK-o-CALYPSE

Think-o-calyipse was a team-based event consisting of 2 rounds where participants had to work together to complete challenge to win. The challenges consisted of questions from spanning across the fields like pharmacy and healthcare. The participants were tested for their patience, teamwork, observational skills and their application of the knowledge of healthcare.

Key initiatives

1) Newsletters

It provides a clear overview of the chapter's vision, structure, ongoing activities, and opportunities for students to engage and grow professionally.

The newsletter included the official introduction of the BCP ISPOR team

It also includes new advancements in field of pharmacy and pharmacoeconomics overview.

2) Article of the week

Posted on Instagram as a weekly post which includes pioneering technology in field of healthcare and its pharmacoeconomics overview. Its aim is to provide information to people on emerging concepts with help of pictures , diagrams , graphics etc.

3) Manga Monday

It is posted on Instagram as a post consisting of a multiple pages manga about key pharmaceutical topics. Making it in form of a manga made readers more interested in learning the topics as it included use of graphics and drawings.
