About the Committee

The **Music Club of BCP** serves as a vibrant creative hub for students who share a passion for music, performance, and artistic expression. Since its inception in 2023, the club has steadily grown into a dynamic platform that celebrates diverse musical talents while fostering collaboration, creativity, and community spirit.

Events & Activities

The committee's **Annual Anniversary Event** stands as its flagship celebration — a grand musical showcase that brings together performers, audiences, and the spirit of the club in one unforgettable evening.

Beyond this, the Music Club maintains a strong presence across the college through **regular performances and interactive musical engagements**. These include:

- High-energy **jam sessions**
- Crowd-favorite **karaoke nights**
- Cozy and immersive **campfire music evenings**
- Expressive and inclusive **open mic sessions**

Each event is thoughtfully curated to encourage participation, experimentation, and connection through music, making them both entertaining and enriching for students.

The committee also proudly represents the college at **inter-college competitions and cultural festivals** such as *Rx*, *Manzar*, and *Youth Fest*. Club members have consistently demonstrated excellence, earning accolades across **solo performances, duets, ensemble acts, and band wars**, further strengthening the club's reputation beyond campus.

Vision & Mission

The vision of the Music Club of BCP is **to spread the universal language of music** and create spaces where talent is nurtured and celebrated. The committee strives to achieve this by organizing:

- **Talent Hunt-based Open Mics**
- **Skill-building Training Workshops**
- **Collaborative Jam Sessions**
- **Mini Concerts and live musical showcases**

A special highlight of the club is its in-house band, **5HT Rush**, known for its lively, dynamic performances that deliver a much-needed serotonin boost to the college community. Through rhythm, melody, and energy, the band captures the essence of the club — music that connects, uplifts, and energizes.
